*Health, Safety and Environment
Policy*

OTECH Marine Services AS goal is zero injuries and damage to people, equipment and environment.

Our goal is to keep up a high standard within health, safety and environmental issues.

Health, Safety and Environment shall have first priority in all our activities, to ensure the safety for our employees, customers and cooperation partners.

We shall evaluate and improve all our activities, and document results on a continuous basis.

Our Managing Director is responsible for setting goals, and our employees are committed to work towards the goals.

We all hold the responsibility to take care of each other and the environment.
